

2025 – Lab Exam 02 Report

Student ID	IT23224384
Batch	Y2.S2.WE.IT.03.02
Marking Guide	
1. Ideation	2
2. Applying “60-30-10 rule” when deciding the colors	2
3. Selecting suitable layouts	2
4. Using proper views for the user interface	2
5. Interactivity	1
6. Creativity	1
Total Marks	10
Evaluator	

Description:

Application Name

Wellness360 – PUSH YOURSELF TO LIMITS

Overview

Wellness360 is a revolutionary fitness mobile application designed for individuals who struggle to maintain a regular gym routine due to their busy schedules. The app provides a seamless experience for users to access home workouts, personalized training plans, and guided nutrition plan, ensuring they can stay fit anytime, anywhere. Wellness360 eliminates the need for a physical gym by offering customized workout plans, real-time progress tracking, and recommendations based on user goals and preferences.

With features like guided exercise routines, and personalized meal plans, users can achieve their fitness goals conveniently from their home. The app empowers users with motivation, tracking, and expert fitness guidance—all at their fingertips.

First Time Using the App

New users who do not have an account can sign up and log in to unlock the full potential of Wellness360. Upon logging in, users will be prompted to select their fitness goals, current fitness level, and nutrition guide to receive a customized fitness plan.

Using the App

Once users create an account and log in, they will be directed to the homepage, where they can explore a variety of workout routines, wellness tips, and progress tracking. Users can select workout plan, ranging from HIIT sessions to yoga, and receive guided exercise tutorials along with calorie-tracking insights.

- Wellness360 enables users to:
 - ✓ Start their daily workouts with images and text guides.
 - ✓ Schedule personalized workout plans according to their availability.
 - ✓ Track their calorie intake and progress over time.
 - ✓ Access expert health tips, mindfulness exercises, and meditation sessions.
 - ✓ Join fitness challenges to stay motivated and accountable.

The app provides a structured, flexible approach to fitness, allowing users to integrate physical activity into their daily routine effortlessly.

Problem Statement

In today's fast-paced world, balancing work, personal life, and fitness is a major challenge. Many individuals struggle to find the time and motivation to visit a gym, leading to inconsistent workout routines and declining health. Existing fitness platforms either lack personalization or require gym access, making it difficult for busy professionals, parents, and students to stay active.

Wellness360 aims to bridge this gap by offering a comprehensive at-home fitness solution. It provides users with customized workout plans, flexible scheduling, progress tracking, and ensuring that anyone can maintain an active lifestyle without the need for a gym. By integrating guided workouts, meditation, and expert advice for meals, Wellness360 empowers users to achieve their health goals at their own convenience.

Target Audience

- Wellness360 is designed for a diverse range of users, including:
 - ✓ **Busy Professionals** – Individuals with demanding work schedules who struggle to fit gym visits into their daily routine.
 - ✓ **Stay-at-Home Parents** – Parents who need an accessible fitness solution while managing household responsibilities.
 - ✓ **Students** – Young adults looking for quick and effective workout solutions without needing gym memberships.
 - ✓ **Fitness Enthusiasts** – Those who prefer at-home workouts with structured training plans.
 - ✓ **Beginners** – Individuals new to fitness who need guided workouts and structured routines.

Key Features

- **Personalized Workout Plans (Main Function)**
 - ✓ Workout recommendations based on user preferences, fitness level.
 - ✓ Guided workouts.
 - ✓ Customizable workout schedules, allowing users to plan exercise sessions at their convenience.
- **Smart Recommendations**
 - ✓ Smart tracking ensures workouts match the user's progress and fitness goals.
- **Nutrition & Meal Planning**
 - ✓ Personalized meal recommendations based on dietary preferences and fitness goals.
 - ✓ Calorie and nutrient tracking for improved dietary management.
- **Mindfulness & Wellness**
 - ✓ Meditation and relaxation exercises to reduce stress and enhance mental well-being.
 - ✓ Sleep tracking and guided breathing techniques for better rest and recovery.
- **Workout Challenges & Community Engagement**
 - ✓ Weekly and monthly fitness challenges to keep users engaged and motivated.
 - ✓ Social features allow users to connect with fitness buddies, share progress, and celebrate achievements.
- **Progress Tracking & Analytics**
 - ✓ Daily, weekly, and monthly progress reports to track performance.
 - ✓ Integration with wearable devices for real-time data syncing.

Wellness360 – Your Ultimate At-Home Fitness Solution

Wellness360 is a cutting-edge, user-friendly mobile app designed to help individuals maintain a fit and healthy lifestyle without requiring a gym membership. With its sleek and intuitive interface, the app enables users to customize workout routines, track progress, and receive fitness recommendations.

From high-intensity workouts to relaxing meditation sessions, Wellness360 ensures a balanced approach to health and fitness. Users can stay motivated with personalized fitness challenges, expert-guided exercises, and seamless goal tracking.

Whether users want to shed extra pounds, build muscle, or simply improve their overall well-being, Wellness360 provides a hassle-free, all-in-one solution to achieve their fitness aspirations.

Get fit, stay strong, and transform your health with Wellness360!
